**S 1259. DELAY BOYLSTON CREEK RECLASS./PUB. MEETINGS (NEW).** Filed 5/16/10.

House committee substitute makes the following changes to 1st edition. Instead of disapproving French Broad River Basin Rule 15A NCAC 02B .0304, approved by the Rules Review Commission on April 19, 2009, sets the effective date of the rule as July 1, 2011. Also clarifies that the act does not restrict the General Assembly's authority to act further on the issue. Requires that the Department of Environment and Natural Resources (DENR) hold two public meetings on the rule by January 1, 2011, to provide information on the operation of the rule. Requires DENR to report on the public meetings to the Environmental Review Commission by January 15, 2011.
