34	"§ 135-48.37. Liability of third person; right of subrogation; right of first recovery.
35	(a) The Plan shall have the right of subrogation upon all of the Plan member's right to
36	recover from a liable third party for payment made under the Plan, for all medical expenses,
37	including provider, hospital, surgical, or prescription drug expenses, to the extent those
38	payments are related to an injury caused by a liable third party. The Plan member shall do
39	nothing to prejudice these rights. The Plan has the right to first recovery on any amounts so
40	recovered, whether by the Plan or the Plan member, and whether recovered by litigation,
41	arbitration, mediation, settlement, or otherwise. Notwithstanding any other provision of law to
42	the contrary, the recovery limitation set forth in G.S. 28A-18-2 shall not apply to the Plan's
43	right of subrogation of Plan members.
44	(b) If the Plan is precluded from exercising its right of subrogation, it may exercise its
45	rights of recovery pursuant to G.S. 135-40.13(g). against any third party who was overpaid. If
46	the Plan recovers damages from a liable third party in excess of the claims paid, any excess will
47	be paid to the member, less a proportionate share of the costs of collection.
48	(c) In the event a Plan member recovers any amounts from a liable third party to which
49	the Plan is entitled under this section, the Plan may recover the amounts directly from the Plan
50	member. The Plan has a lien, for not more than the value of claims paid related to the liability
51	of the third party, on any damages subsequently recovered against the liable third party. If the

Plan member fails to pursue the remedy against a liable third party, the Plan is subrogated to
the rights of the Plan member and is entitled to enforce liability in the Plan's own name or in
the name of the Plan member for the amount paid by the Plan.

4 (d) In no event shall the Plan's lien exceed fifty percent (50%) of the total damages 5 recovered by the Plan member, exclusive of the Plan member's reasonable costs of collection as 6 determined by the Plan in the Plan's sole discretion. The decision by the Plan as to the 7 reasonable cost of collection is conclusive and is not a "final agency decision" for purposes of a 8 contested case under Chapter 150B of the General Statutes. Notice of the Plan's lien or right to 9 recovery shall be presumed when a Plan member is represented by an attorney, and the attorney 10 shall disburse proceeds pursuant to this section.

11 "§ 135-48.38. Persons eligible for Medicare; optional participation in other Medicare 12 products.

(a) Benefits payable for covered expenses under this Plan in G.S. 135-45.6 through
 G.S. 135-45.10 will be reduced by any benefits payable for the same covered expenses under
 Medicare, so that Medicare will be the primary carrier except where compliance with federal
 law specifies otherwise.

17 (b) For those participants eligible for Medicare, the Plan will be administered on a 18 "carve out" basis. The provisions of the Plan are applied to the charges not paid by Medicare 19 (Parts A & B). In other words, those charges not paid by Medicare would be subject to the 20 deductible and coinsurance of the Plan just as if the charges not paid by Medicare were the total 21 bill.

(c) For those individuals eligible for Part A (at no cost to them), benefits under this
 program will be reduced by the amounts to which the covered individuals would be entitled to
 under Parts A and B of Medicare, even if they choose not to enroll for Part B.

25 Notwithstanding the foregoing provisions of this section or any other provisions of (d) 26 the Plan, the Executive Administrator and Board of Trustees State Treasurer may enter into 27 negotiations with the Centers for Medicare and Medicaid Services, U.S. Department of Health 28 and Human Services, in order to secure a more favorable coordination of the Plan's benefits 29 with those provided by Medicare, including but not limited to, measures by which the Plan 30 would provide Medicare benefits for all of its Medicare-eligible members in return for adequate payments from the federal government in providing such benefits. Should such negotiations 31 32 result in an agreement favorable to the Plan and its Medicare-eligible members, the Executive 33 Administrator and Board of Trustees State Treasurer may, after consultation with the 34 Committee on Employee Hospital and Medical Benefits, Board of Trustees, implement such an 35 agreement which shall supersede all other provisions of the Plan to the contrary related to its 36 payment of claims for Medicare-eligible members.

37 (e) Notwithstanding subsections (a), (b), and (c) of this section, the Plan may offer an 38 optional Medicare Advantage plan to a Medicare eligible Plan member. A Medicare Advantage 39 plan offered by the Plan shall be an insured product offered through a private insurance carrier 40 authorized by the Centers for Medicare and Medicaid Services to offer Medicare Advantage 41 plans. A Medicare Advantage plan offered by the Plan shall not be a self-funded benefit plan 42 underwritten by the State of North Carolina. Prescription drug benefits shall not be included in 43 the benefits offered under a Medicare Advantage insurance product but shall continue to be 44 provided by the Plan as authorized under G.S. 135-45.6. An eligible Plan member may choose 45 to enroll in a Medicare Advantage plan in lieu of any other benefit coverage plan offered under 46 the Plan to Medicare eligible Plan members. A Medicare eligible Plan member must be 47 enrolled in Medicare Part B to participate in an optional Medicare Advantage plan. A non Medicare eligible dependent of a Medicare Advantage eligible Plan member may enroll on 48 49 a fully contributory basis in benefit plans offered under the Plan to non-Medicare eligible Plan 50 members. If an enrolled Plan member decides not to re-enroll in an optional Medicare 51 Advantage plan during the Plan's annual enrollment period, the Plan member may at that time

relationship with the expectation that the employee will continue to rear the child into adulthood, (ii) if at the time of enrollment, or at the time a foster child relationship is established, whichever occurs first, the employee applies for coverage for such child and submits evidence of a bona fide foster child relationship, identifying the foster child by name

and setting forth all relevant aspects of the relationship, (iii) if the claims processor accepts the foster child as a participant through a separate written document identifying the foster child by name and specifically recognizing the foster child relationship, and (iv) if at the time a claim is incurred, the foster child relationship, as identified by the employee, continues to exist. Children placed in a home by a welfare agency which obtains control of, and provides for maintenance of the child, are not eligible participants.

7 A dependent child shall not be eligible for coverage under the Plan if the dependent (b) 8 child is eligible for employer based health care outside of the State Health Plan for Teachers 9 and State Employees. Coverage of a dependent child may be extended beyond the 26th 10 birthday if the dependent is physically or mentally incapacitated to the extent that he or she is incapable of earning a living and (i) such handicap developed or began to develop before the 11 12 dependent's 19th birthday, or (ii) such handicap developed or began to develop before the 13 dependent's 26th birthday if the dependent was covered by the Plan in accordance with 14 G.S. 135-45.2(c)(7). G.S. 135-48.40(d)(7).

15 (c) No person shall be eligible for coverage as a dependent if eligible as an employee or 16 retired employee, except when a spouse is eligible on a fully contributory basis. In addition, no 17 person shall be eligible for coverage as a dependent of more than one employee or retired 18 employee at the same time.

19 (d) Former employees who are receiving disability retirement benefits or disability 20 income benefits pursuant to Article 6 of Chapter 135 of the General Statutes or who are 21 approved for those benefits but not in receipt of the benefits due to lump-sum payouts of 22 vacation and bonus leave, provided the former employee has at least five years of contributory 23 retirement service with an employing unit of a State-supported retirement system, shall be 24 eligible for the benefit provisions of this Plan, as set forth in this Part, on a noncontributory or 25 partially contributory basis. Such coverage shall terminate as of the end of the month in which 26 such former employee is no longer eligible for disability retirement benefits or disability 27 income benefits pursuant to Article 6 of this Chapter.

(e) Employees on official leave of absence without pay may elect to continue this group
 coverage at group cost provided that they pay the full employee and employer contribution
 through the employing unit during the leave period.

31 For the support of the benefits made available to any member vested at the time of (f)32 retirement, their spouses or surviving spouses, and the surviving spouses of employees who are 33 receiving a survivor's alternate benefit under G.S. 135-5(m) of those associations listed in 34 G.S. 135-27(a), licensing and examining boards under G.S. 135-1.1, the North Carolina State 35 Art Society, Inc., and the North Carolina Symphony Society, Inc., each association, 36 organization or board shall pay to the Plan the full cost of providing these benefits under this 37 section as determined by the Board of Trustees of the State Health Plan for Teachers and State 38 Employees. In addition, each association, organization or board shall pay to the Plan an amount 39 equal to the cost of the benefits provided under this section to presently retired members of 40 each association, organization or board since such benefits became available at no cost to the retired member. This subsection applies only to those individuals employed prior to July 1, 41 42 1983, as provided in G.S. 135-27(d).

(g) An eligible surviving spouse and any eligible surviving dependent child of a deceased retiree, teacher, State employee, member of the General Assembly, former member of the General Assembly, or Disability Income Plan beneficiary shall be eligible for group benefits under this section without waiting periods for preexisting conditions provided coverage is elected within 90 days after the death of the former plan member. Coverage may be elected at a later time, but will be subject to the 12-month waiting period for preexisting conditions and will be effective the first day of the month following receipt of the application.

50 (h) No person shall be eligible for coverage as an employee or retired employee or as a 51 dependent of an employee or retired employee upon a finding by the Executive Administrator

or Board of Trustees <u>State Treasurer</u> or by a court of competent jurisdiction that the employee
 or dependent knowingly and willfully made or caused to be made a false statement or false
 representation of a material fact in a claim for reimbursement of medical services under the
 Plan or in any representation or attestation to the Plan.

- 5 The Executive Administrator and Board of Trustees <u>State Treasurer</u> may make an 6 exception to the provisions of this subsection when persons subject to this subsection have had 7 a cessation of coverage for a period of five years and have made a full and complete restitution 8 to the Plan for all fraudulent claim amounts. Nothing in this subsection shall be construed to 9 obligate the Executive Administrator and Board of Trustees <u>State Treasurer</u> to make an 10 exception as allowed for under this subsection.
- (i) Any employee receiving benefits pursuant to Article 6 of this Chapter when the
 employee has less than five years of retirement membership service, or an employee on leave
 without pay due to illness or injury for up to 12 months, is entitled to continued coverage under
 the Plan for the employee and any eligible dependents by paying one hundred percent (100%)
 of the cost.

16 "**§ 135-48.42. Enrollment.**

17 Except as otherwise required by applicable federal law, new employees must be (a) 18 given the opportunity to enroll or decline enrollment for themselves and their dependents 19 within 30 days from the date of employment or from first becoming eligible on a partially 20 contributory basis. Coverage may become effective on the first day of the month following date 21 of entry on payroll or on the first day of the following month. New employees not enrolling themselves and their dependents age 19 and older within 30 days, or not adding dependents 22 23 when first eligible as provided herein may enroll on the first day of any month but will be 24 subject to a 12-month waiting period for preexisting health conditions, except for employees 25 who elect to change their coverage in accordance with rules established by the Executive 26 Administrator and Board of Trustees State Treasurer for optional or alternative plans available 27 under the Plan. Children born to covered employees having coverage type (2) or (3), as 28 outlined in G.S. 135-45.4(d) G.S. 135-48.43(d) shall be automatically covered at the time of 29 birth without any waiting period for preexisting health conditions. Children born to covered 30 employees having coverage type (1) shall be automatically covered at birth without any waiting 31 period for preexisting health conditions so long as the claims processor receives notification 32 within 30 days of the date of birth that the employee desires to change from coverage (1) to 33 coverage type (2) or (3), provided that the employee pays any additional premium required by 34 the coverage type selected retroactive to the first day of the month in which the child was born.

35 Except as otherwise required by applicable federal law, newly acquired dependents (b)36 (spouse/child) age 19 and older enrolled within 30 days of becoming an eligible dependent will not be subject to the 12-month waiting period for preexisting conditions. A dependent can 37 38 become qualified due to marriage, adoption, entering a foster child relationship, and at the 39 beginning of each legislative session (applies only to enrolled legislators). Effective date for 40 newly acquired dependents if application was made within the 30 days can be the first day of the following month. Effective date for an adopted child can be date of adoption, or date of 41 42 placement in the adoptive parents' home, or the first of the month following the date of 43 adoption or placement. Firefighters, rescue squad workers, and members of the National Guard, and their eligible dependents, are subject to the same terms and conditions as are new 44 45 employees and their dependents covered by this subdivision. Enrollments in these 46 circumstances must occur within 30 days of eligibility to enroll.

47 (c) Eligible dependents younger than age 19 may be enrolled at any time and shall not48 be subject to any waiting period for a preexisting condition.

(d) When an eligible or enrolled member applies to enroll the member's eligible
 dependent child or spouse, the member shall provide the documentation required by the Plan to
 verify the dependent's eligibility for coverage.
