GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2013

Η

HOUSE BILL 857 PROPOSED COMMITTEE SUBSTITUTE H857-PCS10380-ST-55

Short Title: Public Contracts/Construction Methods/DB/P3.

(Public)

Sponsors:

Referred to:

April 15, 2013

1	A BILL TO BE ENTITLED
2	AN ACT AUTHORIZING PUBLIC CONTRACTS TO UTILIZE THE DESIGN-BUILD
3	METHOD OR PUBLIC-PRIVATE PARTNERSHIP CONSTRUCTION CONTRACTS.
4	Whereas, the legislature recognizes that there is a public need for the design,
5	construction, improvement, renovation, and expansion of high-performing public buildings
6	within the State of North Carolina; and
7	Whereas, the public need may not be, in limited situations, wholly satisfied by
8	existing procurement methods in which public buildings are designed, constructed, improved,
9	renovated, or expanded; and
10	Whereas, many local government entities request special legislative authorization to
11	enter into public-private partnerships and use design-build contracting every legislative session;
12	and
13	Whereas, in some instances, more efficient delivery of quality design and
14	construction can be realized when a governmental entity is authorized to utilize an integrated
15	approach for the design and construction of a project under one contract with a single point of
16	responsibility; and
17	Whereas, the design-build integrated approach to project delivery, based upon
18	qualifications and experience, in some instances, can yield improved collaboration among
19	design professionals, builders, and owners throughout the entire process and deliver a quality
20	and cost-efficient building; and
21	Whereas, certain governmental entities within the State lack the financial resources
22	required to undertake capital building construction projects that are necessary to satisfy critical
23	public needs; and
24	Whereas, partnerships with private developers may offer an effective financial
25	mechanism for governmental entities to secure public buildings to satisfy critical public needs
26	that cannot otherwise be met; and
27	Whereas, the legislature recognizes that the general public must have confidence in
28	governmental entities' processes for construction contracting; and
29	Whereas, the legislature realizes that open competition delivers the best value for
30	taxpayers and public owners; and
31	Whereas, the legislature seeks to create transparent, fair, and equitable contracting
32	procedures for the use of public funds in government construction contracting; and
33	Whereas, the legislation proposed in this act is not intended to affect the existing
34	statutes, regulations, or practices relevant to projects administered by the North Carolina
35	Department of Transportation; Now, therefore,

D

General Assembly Of North Carolina

SECTION 1. G.S. 143-64.31 reads as rewritten: 1 2 "§ 143-64.31. Declaration of public policy. 3 It is the public policy of this State and all public subdivisions and Local (a) 4 Governmental Units thereof, except in cases of special emergency involving the health and 5 safety of the people or their property, to announce all requirements for architectural, 6 engineering, surveying and surveying, construction management at risk services, services, 7 design-build services, and public-private partnership construction services to select firms 8 qualified to provide such services on the basis of demonstrated competence and qualification 9 for the type of professional services required without regard to fee other than unit price 10 information at this stage, and thereafter to negotiate a contract for those services at a fair and 11 reasonable fee with the best qualified firm. If a contract cannot be negotiated with the best qualified firm, negotiations with that firm shall be terminated and initiated with the next best 12 13 qualified firm. Selection of a firm under this Article shall include the use of good faith efforts 14 by the public entity to notify minority firms of the opportunity to submit qualifications for 15 consideration by the public entity. 16 A resident firm providing architectural, engineering, surveying, or-construction (a1) 17 management at risk services, design-build services, or public-private partnership construction services shall be granted a preference over a nonresident firm, in the same manner, 18 19 on the same basis, and to the extent that a preference is granted in awarding contracts for these 20 services by the other state to its resident firms over firms resident in the State of North 21 Carolina. For purposes of this section, a resident firm is a firm that has paid unemployment 22 taxes or income taxes in North Carolina and whose principal place of business is located in this 23 State. 24 (b) Public entities that contract with a construction manager at risk-risk, design-builder, 25 or private developer under a public-private partnership under this section shall report to the 26 Secretary of Administration the following information on all projects where a construction 27 manager at risk-risk, design-builder, or private developer under a public-private partnership is 28 utilized: 29 A detailed explanation of the reason why the particular construction manager (1)30 at risk-risk, design-builder, or private developer was selected. 31 The terms of the contract with the construction manager at risk.risk, (2)32 design-builder, or private developer. 33 A list of all other firms considered but not selected as the construction (3)34 manager at risk-risk, design-builder, or private developer, and the amount of 35 their proposed fees for services. 36 (4) A report on the form of bidding utilized by the construction manager at risk 37 risk, design-builder, or private developer on the project. 38 The Secretary of Administration shall adopt rules to implement the provisions of (c) 39 this subsection including the format and frequency of reporting. 40 For purposes of this Article, the definition in G.S. 143-128.1B and G.S. 143-128.1C (d) 41 shall apply." 42 SECTION 2. G.S. 143-64.32 reads as rewritten: 43 "§ 143-64.32. Written exemption of particular contracts. 44 Units of local government or the North Carolina Department of Transportation may in 45 writing exempt particular projects from the provisions of this Article in the case of: Proposed of proposed projects where an estimated professional fee is in an 46 (a) 47 amount less than thirty thousand dollars (\$30,000), or fifty thousand dollars 48 (\$50,000.00). 49 Other particular projects exempted in the sole discretion of the Department (b) 50 of Transportation or the unit of local government, stating the reasons 51 therefor and the circumstances attendant thereto."

General Assembly Of North Carolina

1 prequalification criteria shall be determined by the public entity and the construction manager 2 at risk to address quality, performance, the time specified in the bids for performance of the 3 contract, the cost of construction oversight, time for completion, capacity to perform, and other 4 factors deemed appropriate by the public entity. The public entity shall require the construction 5 manager at risk to submit its plan for compliance with G.S. 143-128.2 for approval by the 6 public entity prior to soliciting bids for the project's first-tier subcontractors. A construction 7 manager at risk and first-tier subcontractors shall make a good faith effort to recruit and select 8 minority businesses for participation in contracts pursuant to G.S. 143-128.2. to comply with 9 G.S. 143-128.2, G.S. 143-128.4, and to recruit and select small business entities. A construction 10 manager at risk may perform a portion of the work only if (i) bidding produces no responsible, 11 responsive bidder for that portion of the work, the lowest responsible, responsive bidder will 12 not execute a contract for the bid portion of the work, or the subcontractor defaults and a 13 prequalified replacement cannot be obtained in a timely manner, and (ii) the public entity 14 approves of the construction manager at risk's performance of the work. All bids shall be 15 opened publicly, and once they are opened, shall be public records under Chapter 132 of the 16 General Statutes. The construction manager at risk shall act as the fiduciary of the public entity 17 in handling and opening bids. The construction manager at risk shall award the contract to the 18 lowest responsible, responsive bidder, taking into consideration quality, performance, the time 19 specified in the bids for performance of the contract, the cost of construction oversight, time for 20 completion, compliance with G.S. 143-128.2, and other factors deemed appropriate by the 21 public entity and advertised as part of the bid solicitation. The public entity may require the 22 selection of a different first-tier subcontractor for any portion of the work, consistent with this 23 section, provided that the construction manager at risk is compensated for any additional cost 24 incurred.

When contracts are awarded pursuant to this section, the public entity shall provide for a dispute resolution procedure as provided in G.S. 143-128(f1). (d) The construction manager at risk shall provide a performance and payment bond to the public entity in accordance with the provisions of Article 3 of Chapter 44A of the General Statutes."

SECTION 6. This act becomes effective October 1, 2013, and applies to projects
 bid on or after that date and public-private development contracts entered into on or after that
 date. This act expires on July 1, 2019.
