20 21 "(b1) Substantial Economic Impact. - Before an agency adopts a permanent rule change 22 that would have a substantial economic impact and that is not identical to a federal regulation 23 that the agency is required to adopt, the agency shall prepare a fiscal note for the proposed rule 24 change and have the note approved by the Office of State Budget and Management. The agency 25 must also obtain from the Office a certification that the agency adhered to the regulatory 26 principles set forth in G.S. 150B-19.1(a)(2), (5), and (6). The agency may request the Office of 27 State Budget and Management to prepare the fiscal note only after, working with the Office, it 28 has exhausted all resources, internal and external, to otherwise prepare the required fiscal note. 29 If an agency requests the Office of State Budget and Management to prepare a fiscal note for a 30 proposed rule change, that Office must prepare the note within 90 days after receiving a written 31 request for the note. If the Office of State Budget and Management fails to prepare a fiscal note 32 within this time period, the agency proposing the rule change shall prepare a fiscal note. A 33 fiscal note prepared in this circumstance does not require approval of the Office of State 34 Budget and Management.

35 If an agency prepares the required fiscal note, the agency must submit the note to the Office 36 of State Budget and Management for review. The Office of State Budget and Management 37 shall review the fiscal note within 14 days after it is submitted and either approve the note or 38 inform the agency in writing of the reasons why it does not approve the fiscal note. After 39 addressing these reasons, the agency may submit the revised fiscal note to that Office for its 40 review. If an agency is not sure whether a proposed rule change would have a substantial 41 economic impact, the agency shall ask the Office of State Budget and Management to 42 determine whether the proposed rule change has a substantial economic impact. Failure to 43 prepare or obtain approval of the fiscal note as required by this subsection shall be a basis for 44 objection to the rule under G.S. 150B-21.9(a)(4).

45 As used in this subsection, the term "substantial economic impact" means an aggregate 46 financial impact on all persons affected of at least one million dollars (\$1,000,000) in a 47 12-month period. In analyzing substantial economic impact, an agency shall do the following:

- 48
- Determine and identify the appropriate time frame of the analysis. (1)
