HOUSE BILL DRH10196-MGf-18A

Short Title: Enact Medical Cannabis Act. (Public)

Sponsors: Representatives Alexander, Autry, Carney, and Harrison (Primary Sponsors).

Referred to:

1 A BILL TO BE ENTITLED
2 AN ACT ENACTING THE NORTH CAROLINA MEDICAL CANNABIS ACT.
3 The General Assembly of North Carolina enacts:
4 **SECTION 1.** Chapter 90 of the General Statutes is amended by adding a new Article
5 to read:

6 "Article 43.

7 "North Carolina Medical Cannabis Act.

8 "**§ 90-730. Short title.**

9 This Article shall be known and may be cited as the "North Carolina Medical Cannabis Act."

10 "**§ 90-730.1. Legislative findings and purpose.**

11 The General Assembly makes the following findings:

- 12 (1) Modern medical research has discovered beneficial uses for cannabis in
13 treating or alleviating pain, nausea, and other symptoms associated with
14 certain debilitating medical conditions, as found by the National Academy of
15 Sciences' Institute of Medicine in March 1999.
- 16 (2) According to the United States Sentencing Commission and the Federal
17 Bureau of Investigation, 99 out of every 100 cannabis arrests in the United
18 States are made under State law, rather than under federal law. Consequently,
19 changing State law will have the practical effect of protecting from arrest the
20 vast majority of seriously ill people who have a medical need to use cannabis.
- 21 (3) The United States Department of Health and Human Services, through the
22 Compassionate Investigational New Drug (IND) program, provides cannabis
23 by prescription to a number of individuals for their use as medicine. The
24 cannabis is grown at the federal cannabis research garden at the University of
25 Mississippi and is processed and distributed by the Research Triangle Institute
26 in Research Triangle Park, North Carolina. The patients receive the cannabis
27 monthly in canisters of approximately 300 prerolled cigarettes. The dosage
28 for patients in the IND program ranges from seven to nine grams per day.
29 Since the inception of the program in 1978, individual patients in the IND
30 program have received and consumed approximately 6.5 pounds of cannabis
31 per year, thereby establishing a safe and effective dosage for a chronic
32 daily-use patient to possess and consume. The IND program was closed to
33 new applicants in 1991.
- 34 (4) In 1992, the United States Drug Enforcement Administration (DEA)
35 published research in a report entitled "Cannabis Yields" stating that canopy
36 cover, rather than the number of plants, is the most accurate indicator of a

* D R H 1 0 1 9 6 - M G F - 1 8 A *

1 garden's yield. According to the DEA report, 250 square feet of mature garden
2 canopy will typically yield six pounds of processed cannabis per year, a
3 common amount for patients who use cannabis daily, and less than the amount
4 prescribed and delivered to the IND patients by the federal government.

5 (5) Although federal law currently prohibits any use of cannabis outside of the
6 IND program, the laws of Alaska, Arizona, Arkansas, California, Colorado,
7 Connecticut, Delaware, the District of Columbia, Florida, Guam, Hawaii,
8 Illinois, Iowa, Louisiana, Maine, Maryland, Massachusetts, Michigan,
9 Minnesota, Missouri, Montana, Nevada, New Hampshire, New Jersey, New
10 Mexico, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania,
11 Puerto Rico, Rhode Island, Utah, Vermont, Washington, and West Virginia
12 permit the medical use and cultivation of cannabis. North Carolina joins in
13 this effort for the health and welfare of its citizens.

14 (6) States are not required to enforce federal law or prosecute people for engaging
15 in activities prohibited by federal law. Therefore, compliance with this Article
16 does not put the State of North Carolina in violation of federal law.

17 (7) Compassion dictates that State law should make a distinction between the
18 medical and nonmedical use of cannabis. Hence, the purpose of this Article is
19 to protect patients with debilitating medical conditions, and their physicians
20 and caregivers, from arrest and prosecution, criminal and other penalties, and
21 property forfeiture by allowing the beneficial use of medical cannabis in a
22 regulated system for alleviating symptoms caused by debilitating medical
23 conditions and their medical treatments.

24 (8) This Article is intended to make only those changes to existing North Carolina
25 laws that are necessary to protect patients and their doctors from criminal and
26 civil penalties and is not intended to change current civil and criminal laws
27 governing the use of cannabis for nonmedical purposes.

28 (9) The General Assembly enacts this Article pursuant to its police power to enact
29 legislation for the protection of the health of its citizens, as reserved to the
30 State in the Tenth Amendment of the United States Constitution.

27 health benefits of the medical use of cannabis would likely outweigh the
28 health risks for the patient.

29 **"§ 90-730.3. Protections for the medical use of cannabis.**

30 (a) A qualified patient shall not be subject to arrest, prosecution, or penalty in any
31 manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary
32 action by a business or occupational or professional licensing board or bureau, for the possession
33 or purchase of cannabis for medical use by the qualified patient if the quantity of usable cannabis
34 possessed or purchased does not exceed an adequate supply, as determined by the qualified
35 patient's physician.

36 (b) A designated caregiver shall not be subject to arrest, prosecution, or penalty in any
37 manner, or denied any right or privilege, including imposition of a civil penalty or disciplinary
38 action by a business or occupational or professional licensing board or bureau, for the possession
39 or purchase of cannabis for medical use by the qualified patient if the quantity of cannabis
40 possessed or purchased does not exceed an adequate supply for the qualified patient, as
41 determined by the qualified patient's physician.

42 (c) If usable cannabis is infused or added as an ingredient to food, salve, tincture, or any
43 other preparation to be consumed or used by a qualified patient, the weight of the other
44 ingredients that are not usable cannabis shall not be included for the purpose of determining
45 whether a qualified patient is in possession of an amount of cannabis that exceeds the qualified
46 patient's adequate supply.

47 (d) Subsection (a) of this section does not apply to a qualified patient under 18 years of
48 age, unless all of the following criteria are met:

- 49 (1) The qualified patient's physician has explained the potential risks and benefits
50 of the medical use of cannabis to the qualified patient and to a parent,
51 guardian, or person having legal custody of the qualified patient.

1 (2) A parent, guardian, or person having legal custody of the qualified patient
2 consents in writing to (i) allow the qualified patient's medical use of cannabis,
3 (ii) serve as the qualified patient's designated caregiver, and (iii) control the
4 dosage and frequency of the medical use of cannabis by the qualified patient.

5 (e) A qualified patient or a designated caregiver shall be granted the full legal protections
6 provided in this section as long as the qualified patient or designated caregiver is in possession
7 of a registry identification card. If the qualified patient or designated caregiver is not in
8 possession of a registry identification card, the individual shall be given an opportunity to
9 produce the registry identification card before the initiation of any arrest, criminal charges, or
10 other penalties.

11 (f) A qualified patient or a designated caregiver is presumed to be engaged in the medical
12 use of cannabis if the qualified patient or designated caregiver is in possession of a registry
13 identification card and an amount of cannabis that does not exceed the qualified patient's
14 adequate supply. This presumption may be rebutted only by evidence that the qualified patient
15 or designated caregiver engaged in conduct related to cannabis for a purpose other than
16 alleviating the qualified patient's debilitating medical condition or symptoms associated with the
17 debilitating medical condition.

18 (g) A designated caregiver may receive reimbursement for costs associated with assisting
19 a qualified patient in the medical use of cannabis. Reimbursement for these costs does not
20 constitute the sale of a controlled substance under Article 5 of Chapter 90 of the General Statutes.

21 (h) A school, employer, or landlord shall neither refuse to enroll, employ, or lease to nor
22 otherwise penalize a qualified patient or a designated caregiver solely because of (i) the
23 individual's status as a qualified patient or a designated caregiver or (ii) the presence of cannabis
24 metabolites resulting from medical use of cannabis in the individual's bodily fluids.

25 (i) For the purposes of medical care, including organ transplants, a qualified patient's
26 authorized use of cannabis in accordance with this Article shall be treated in the same manner as
27 the authorized use of any other medication used at the direction of a physician and shall not
28 constitute the use of an illegal substance.

29 (j) A licensed producer of medical cannabis shall not be subject to arrest, prosecution, or
30 penalty in any manner, or denied any right or privilege, or subject to disciplinary action by a
31 business or occupational or professional licensing board or bureau for producing, possessing,
32 distributing, or dispensing cannabis in a manner consistent with this Article.

33 (k) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or
34 denied any right or privilege, or subject to increased monitoring or disciplinary action by the
35 North Carolina Medical Board or any other business or occupational or professional licensing
36 board or bureau for either of the following:

37 (1) Advising a patient about the risks and benefits of the medical use of cannabis
38 or that the patient may benefit from the medical use of cannabis if, in the
39 physician's medical judgment, the potential benefits of the medical use of
40 cannabis would likely outweigh the health risks for that particular patient.

41 (2) Providing a patient with valid documentation, based upon the physician's
42 assessment of the patient's medical history and current medical condition, that
43 the potential benefits of the medical use of cannabis would likely outweigh
44 the health risks for that particular patient.

45 (l) A physician shall not be subject to arrest, prosecution, or penalty in any manner, or
46 denied any right or privilege, or subject to disciplinary action by a business or occupational or
47 professional licensing board or bureau for discussing with a patient the benefits or health risks of
48 the medical use of cannabis or the interaction of cannabis with other substances.

49 (m) State and local law enforcement officers shall not harm, neglect, injure, or destroy an
50 individual's interest in or right to property that is possessed, owned, or used in connection with
51 the medical use of cannabis, or acts incidental to the medical use of cannabis, while the property

1 is in the possession of State or local law enforcement officials as a result of a seizure of the
2 property in connection with the claimed medical use of cannabis. A person does not forfeit any
3 right or interest in property seized in connection with the medical use of cannabis under any
4 provision of State law providing for the forfeiture of property, unless the forfeiture is part of a
5 sentence imposed upon the person as a result of a conviction of a criminal violation of this Article
6 or entry of a plea of guilty to such violation. Cannabis, paraphernalia, or other property seized
7 from a qualified patient, designated caregiver, licensed medical cannabis center, licensed
8 producer of medical cannabis, or licensed producer of cannabis-infused products in connection
9 with the claimed medical use or production for medical use of cannabis shall be returned
10 immediately upon the determination by a court, prosecutor, or law enforcement officer that the
11 qualified patient, designated caregiver, or licensed producer of medical cannabis is entitled to the
12 protections of this Article. In making this determination, the court, a prosecutor, or a law
13 enforcement officer shall consider as evidence the failure of law enforcement officers to actively
14 investigate the case, a decision not to prosecute, the dismissal of charges, or acquittal.

15 (n) A person shall not be denied custody of, or visitation or parenting time with, a minor
16 for conduct allowed under this Article.

17 (o) There is no presumption of neglect or child endangerment for conduct allowed under
18 this Article.

19 (p) No person shall be subject to arrest or prosecution for constructive possession,
20 conspiracy, aiding and abetting, being an accessory, or any other offense, for simply being in the
21 presence or vicinity of the medical use of cannabis as permitted under this Article or for assisting
22 a qualified patient with using or administering cannabis.

23 (q) Possession of or application for a registry identification card shall not alone constitute
24 probable cause to search the person or the property of the person possessing or applying for a
25 registry identification card or otherwise subject the person or the person's property to inspection
26 by any government agency.

27 (r) If an individual being investigated by a law enforcement officer employed by a
28 State-funded or locally funded law enforcement agency credibly asserts during the course of the
29 investigation that the individual is a qualified patient or designated caregiver, neither the law
30 enforcement officer nor the law enforcement agency shall provide any information, except as
31 required by federal law or the United States Constitution, from any cannabis-related investigation
32 of the individual to any law enforcement authority that does not recognize the protections of this
33 Article. Any prosecution of the individual for a violation of this Article shall be conducted
34 pursuant to the laws of this State.

35 (s) Cannabis produced and possessed under this Article is exempt from the Unauthorized
36 Substances Tax set forth in Article 2D of Chapter 105 of the General Statutes, and no tax under
37 that Article may be levied against any qualified patient, designated caregiver, licensed medical
38 cannabis center, licensed producer of medical cannabis, or licensed producer of cannabis-infused
39 products operating in accordance with this Article.

40 (t) Nothing in this Article shall be construed to extend the protections of this Article to
41 any person, including a qualified patient, designated caregiver, licensed medical cannabis center,
42 licensed producer of medical cannabis, or licensed producer of cannabis-infused products, to
43 allow that person to acquire, possess, manufacture, produce, use, sell, distribute, dispense, or
44 transport cannabis in a manner that is not consistent with this Article.

45 **"§ 90-730.4. Prohibitions, restrictions, and limitations on medical use of cannabis.**

46 (a) This Article does not permit any person to do any of the following:

- 47 (1) Operate, navigate, or be in actual physical control of any motor vehicle,
48 aircraft, or motorboat while impaired by cannabis. However, a qualified
49 patient shall not be considered impaired solely due to the presence of cannabis
50 metabolites in the individual's system.

- 1 (2) Undertake any task under the influence of cannabis, when doing so would
2 constitute negligence or professional malpractice.
- 3 (3) Smoke cannabis in a school bus or other form of public transportation, on any
4 school grounds, in any correctional facility, or in any public place in this State.
- 5 (b) A person who commits an act prohibited by subsection (a) of this section is subject to
6 all penalties provided by law.
- 7 (c) Nothing in this Article shall be construed to require any of the following:
- 8 (1) A government-sponsored medical assistance program or private health insurer
9 to reimburse a person for costs associated with the medical use of cannabis.
- 10 (2) An employer to accommodate the medical use of cannabis in any workplace.
- 11 (d) Fraudulent representation to a law enforcement official of any fact or circumstance
12 relating to the medical use of cannabis to avoid arrest or prosecution is a Class 2 misdemeanor
13 punishable by a fine of five hundred dollars (\$500.00) in addition to any other applicable
14 penalties for making a false statement about the medical use of cannabis.
- 15 (e) A licensed producer of medical cannabis that sells, distributes, dispenses, or transfers
16 cannabis to an individual other than a person licensed pursuant to G.S. 90-730.6, or obtains or
17 transports cannabis outside of North Carolina in violation of federal law, is subject to arrest,
18 prosecution, and civil or criminal penalties pursuant to State law.
- 19 (f) Nothing in this Article shall be construed as a waiver of sovereign immunity by the
20 State.
- 21 **"§ 90-730.5. Registry identification cards for qualified patients and designated caregivers.**
- 22 (a) As used in this section, "Department" means the North Carolina Department of Health
23 and Human Services.
- 24 (b) The Department shall issue a registry identification card to any qualified patient or
25 designated caregiver who meets the requirements of this section.
- 26 (c) The Department shall not issue or renew a registry identification card to a qualified
27 patient under 18 years of age unless each of the following criteria is met:
- 28 (1) The qualified patient's physician has explained the potential risks and benefits
29 of the medical use of cannabis to the qualified patient and to a parent,
30 guardian, or person having legal custody of the qualified patient.
- 31 (2) A parent, guardian, or person having legal custody of the qualified patient
32 consents in writing to (i) allow the qualified patient's medical use of cannabis,
33 (ii) serve as one of the qualified patient's designated caregivers, and (iii)
34 control the acquisition of the cannabis, the dosage, and the frequency of the
35 medical use of cannabis by the qualified patient.
- 36 (d) The Department shall verify the information contained in a registry identification card
37 application or renewal application submitted pursuant to this section and shall approve or deny
38 an application or renewal application within 45 days after receipt. The Department may deny a
39 registry identification card application or renewal application only if the applicant fails to provide
40 the information required pursuant to this section or if the Department determines that the
41 application or renewal application contains false information. If the Department fails to approve
42 or deny a registration application or renewal application submitted pursuant to this section within
43 45 days after receipt, the application or renewal application shall be deemed approved, and a
44 copy of the application or renewal application together with proof of receipt by the Department
45 at least 45 days prior to the date this information is presented in lieu of a registry identification
46 card shall be deemed a valid registry identification card.
- 47 (e) The Department may issue a registry identification card to a maximum of two
48 designated caregivers named in a qualified patient's approved application.
- 49 (f) The Department shall issue a registry identification card to an applicant within five
50 days after approving an application or renewal. The application or renewal expires two years
51 after the date of issuance.

1 (g) Each registry identification card shall contain at least all of the following information:

2 (1) The date of issuance.

3 (2) The date of expiration.

4 (3) A random registry identification number.

5 (4) A photograph of the registry identification cardholder.

6 (h) Persons issued registry identification cards shall be subject to the following:

7 (1) A qualified patient who has been issued a registry identification card shall
8 notify the Department of any change in the qualified patient's name, address,
9 or designated caregiver and submit a ten-dollar (\$10.00) fee to the Department
10 within 15 days after the change occurs. A qualified patient who fails to notify
11 the Department of any of these changes within the specified time frame
12 commits an infraction and is subject to a fine not to exceed more than one
13 hundred fifty dollars (\$150.00).

14 (2) A designated caregiver shall notify the Department of any change in name or
15 address and submit a ten-dollar (\$10.00) fee to the Department within 15 days
16 after the change occurs. A designated caregiver who fails to notify the
17 Department of any of these changes within the specified time frame commits
18 an infraction and is subject to a fine not to exceed one hundred fifty dollars
19 (\$150.00).

20 (3) When a qualified patient or designated caregiver notifies the Department of
21 any change, as required by this subsection, the Department shall issue the
22 qualified patient and each designated caregiver a new registry identification
23 card within 10 days after receiving the updated information and the ten-dollar
24 (\$10.00) fee.

25 (4) When a qualified patient who possesses a registry identification card notifies
26 the Department of a change in designated caregiver, the Department shall
27 notify the designated caregiver of record of the change within 15 days after
28 receiving notification of the change. The protections afforded under this
29 Article to the designated caregiver of record shall expire 30 days after the
30 designated caregiver of record is notified by the Department of the change in
31 designated caregiver.

32 (5) If a qualified patient or a designated caregiver loses a registry identification
33 card, the cardholder shall notify the Department within 15 days after losing
34 the card. The notification shall include a ten-dollar (\$10.00) replacement fee
35 for a new card. Within five days after receiving notification of a lost registry
36 identification card, the Department shall issue the cardholder a new registry
37 identification card with a new random identification number.

38 (i) If the Department determines that a qualified patient or designated caregiver has
39 willfully violated any provision of this Article, the Department may suspend or revoke the
40 qualified patient's or designated caregiver's registry identification card.

41 (j) Applications and supporting information submitted by qualified patients, including
42 information regarding their designated caregivers and physicians, are confidential and protected
43 under the federal Health Insurance Portability and Accountability Act of 1996.

44 (k) The Department shall maintain a confidential list of the persons to whom the
45 Department has issued registry identification cards. Individual names and other identifying
46 information on the list are confidential, exempt from the provisions of Chapter 132 of the General
47 Statutes, and are not subject to disclosure, except to authorized employees of the Department as
48 necessary to perform official duties of the Department.

49 (l) The Department shall verify to law enforcement personnel whether a registry
50 identification card is valid solely by confirming the validity of the random registry identification

1 number and the name of the person to whom the Department has assigned the random registry
2 identification number.

3 (m) Any person, including an employee or official of the Department or another State
4 agency or local government, who breaches the confidentiality of information obtained pursuant
5 to this section is guilty of a Class 1 misdemeanor; however, any fine imposed for a violation
6 under this subsection shall not exceed one thousand dollars (\$1,000).

7 (n) Nothing in this section shall be construed to prevent Department employees from
8 notifying law enforcement officers about falsified or fraudulent information submitted to the
9 Department by any individual in support of an application for a registry identification card.

10 (o) Article 4 of Chapter 150B of the General Statutes governs judicial review of an
11 administrative decision made under this section.

12 (p) Rules. – Not later than 120 days after the effective date of this act, the North Carolina
13 Medical Care Commission shall adopt rules to implement the provisions of this section. The rules
14 shall establish requirements for the issuance of registry identification cards to qualified patients
15 and designated caregivers, which shall include at least all of the following:

16 (1) Written certification, as defined in G.S. 90-730.2.

17 (2) An application or renewal fee.

18 (3) The name, address, and date of birth of the qualified patient, except that if a
19 qualified patient is homeless, no address is required.

20 (4) The name, address, and telephone number of the qualified patient's physician.

21 (5) The name, address, and date of birth of each of the qualified patient's
22 designated caregivers, if any.

23 **"§ 90-730.6. Regulated medical cannabis supply system.**

24 (a) As used in this section, "Department" means the North Carolina Department of
25 Agriculture and Consumer Services.

38 chronic or debilitating medical condition.

39 (b) A person does not need to be a registry identification cardholder in order to assert an
40 affirmative defense described in this section.

41 (c) A qualified patient or designated caregiver who has not received a registry

44 the courts of the State of North Carolina if such evidence otherwise properly qualifies as
45 admissible under the rules of evidence.

46 (d) Except as otherwise provided in this section and in addition to the affirmative
47 defenses described in subsection (a) of this section, a person engaged or assisting in the medical

49 precluded from doing either of the following:

11 with a person's use of cannabis for medical purposes shall not be forfeited, nor shall the person

14 purpose for using cannabis pursuant to this section.

15 **"§ 90-730.8. Immunity for physicians.**

16 A physician shall not be subject to arrest or prosecution, penalized in any manner, or denied
17 any right or privilege for recommending the medical use of cannabis or providing written
18 certification for the medical use of cannabis pursuant to this Article.

19 **"§ 90-730.9. North Carolina Cannabis Research Program.**

20 (a) It is the intent of the General Assembly that The University of North Carolina System

24 shall create a program to be known as the North Carolina Cannabis Research Program.

25 (b) The purpose of the program is to develop and conduct studies designed to ascertain

28 guidelines for the appropriate administration and use of cannabis to assist physicians and patients
29 in evaluating the risks and benefits of using cannabis for medical treatment and to provide a
30 scientific basis for future policies.

31 (c) The research conducted under this section may involve the development of quality
32 control, purity, and labeling standards for medical cannabis dispensed through the system; sound
33 advice and recommendations on the best practices for the safe and efficient cultivation of
